

Celebrations, Families and Winter

Celebrations

People celebrate different occasions all around the world. Some celebrations are **special** to us and our families, like **birthdays**. Others are religious celebrations, include:

- 1) Hanukkah is a Jewish festival.
- 2) Eid is an Islamic festival.
- 3) Christmas is a Christian festival.
- 4) Diwali is a Hindu, Jain and Sikh festival.

Families

Every family is **unique**! Some families are big, and some are small. Families can look different, but each one is special. We will talk about the people who are important to us and how families care for and love one another.

What are we finding out?

- What celebrations do me and my family enjoy?
 - What happens when Winter arrives?

Winter

In **winter**, the weather gets colder. You might see **frost**, **ice** and sometimes **snow**.

The days are **shorter**, and we wear **warm clothes** to keep cosy.

In winter, some trees have no leaves, and the wind blows **cold air**.

We might see **bare branches** and feel the cold wind on our faces.

Parents as Partners

Talk to your child about special celebrations your family enjoys. Share photos, stories, songs or traditions, and discuss what makes your family unique.
